September 10, 2020

Dear Parents/Guardians:

The safety of our students and staff is our top priority. We, the Living Sky School Division (LSSD), have been collaborating with the Saskatchewan Health Authority and together we have developed a plan for responding to students and staff presenting with COVID-19 symptoms.

This letter is to inform you that the Saskatchewan Health Authority has provided the school division with a process to follow when a staff member or a student presents with symptoms common with COVID-19. Symptoms of COVID-19 include one or more of the following:

- fever
- cough
- headache
- muscle and/or joint aches and pains
- sore throat
- chills
- runny nose
- nasal congestion
- conjunctivitis
- dizziness
- fatigue
- nausea/vomiting
- diarrhea
- loss of appetite (difficulty feeding for children)
- loss of sense of taste or smell
- shortness of breath
- difficulty breathing

This letter is intended to serve our community with fair notice that we, as school communities, have a duty to provide demographic information (date of birth, address, name and phone number) to Public Health during the COVID-19 pandemic.

Our goal, in cooperation with Saskatchewan Health, is to continue to provide a healthy and caring learning environment.

Sincerely,

Director of Education
